The Grover Beach Police Department would like to recognize and thank Walmart for their community support and the generous donation of \$1,000 they made to the Grover Beach Police Department. These funds are expected to be used to enhance and increase the Department's technology capabilities in our training room.

Grover Beach Police Chief Jim Copsey said, *"I am confident that these funds will increase the Department's vocational training opportunities and greatly benefit all of our Police Officers. I also believe a gift such as this will benefit the entire community as the Officers' skills and abilities are enhanced."*
