GROVER BEACH, CA – The City of Grover Beach, in keeping with its ongoing efforts to serve all members of the community, is updating its Americans with Disabilities Act (ADA) self-evaluation and transition plan. The accessibility plan provides a comprehensive plan for access for individuals with disabilities to City facilities, parks, programs, services, activities and events.

The City of Grover Beach is seeking input from agencies, organizations and individuals with disabilities. As an agency, organization or individual, the value of stakeholder guidance will help to address and prioritize current and future needs. Individuals who would like to provide input are invited to complete a survey, or call or email the ADA Coordinator.

Your comments and opinions are important to us and will provide valuable information regarding how the City of Grover Beach can better serve individuals with disabilities.
