ADJOURNMENT

PLANNING COMMISSION MEETING PROCEDURES:

Planning Commission Meetings are conducted under the authority of the Chair. The Chair will announce each item which will be read into the record by the Secretary; thereafter, the hearing will

be conducted as follows:

1. The planning staff will present the staff report and recommendation on the proposal being heard and respond to questions from Commissioners.
2. The Chair will open the public hearing by first asking the project applicant/agent to present any points necessary for the Commission, as well as the public, to fully understand the proposal.
3. The Chair will then ask other interested persons to come to the podium to present testimony either in support of or in opposition to the proposal.
4. Finally, the Chair will invite the applicant/agent back to the podium to respond to the public testimony. Thereafter, the Chair will close the public testimony portion of the hearing and limit further discussion to the Commission and Staff prior to the commission taking a decision.

Per Resolution No. 06-077, Planning Commission meetings are scheduled to start at 6:30 p.m. and conclude no later than 11:00 p.m. Any public items remaining on the agenda at 11:00 p.m. that have not been discussed or considered by the Planning Commission will be continued to either an adjourned special meeting of the Planning Commission (scheduled before the next regular meeting) or to the next regular meeting. However, the Planning Commission may choose to continue the meeting past 11:00 p.m. upon a proper motion and a super majority vote in favor of such an action.

RULES FOR PRESENTING TESTIMONY

Planning Commission hearings often involve highly emotional issues. It is important that all participants conduct themselves with courtesy, dignity and respect. All persons who wish to present testimony must observe the following rules:

1. When you come to the podium, first identify yourself and give your place of residence. Commission meetings are tape recorded and this information is required for the record.
2. Address your testimony to the Chair. Conversation or debate between a speaker at the podium and a member of the audience or staff is not permitted.
3. Keep your testimony brief and to the point. Talk about the proposal and not about individuals involved. On occasion, the Chair may be required to place time limits on testimony; in those cases proposal description/clarification will be limited to 12 – 15 minutes, individual testimony to 3 minutes, and speakers representing organized groups to 5 minutes. Focus testimony on the most important parts of the proposal; do not repeat points made by others. And, please, no applauding during testimony.
4. Written testimony is acceptable. However, letters are most effective when presented at least a week in advance of the hearing. Mail should be directed to the Community Development Department, to the attention of the Community Development Director.

APPEALS

If you are dissatisfied with any aspect of an approval or denial of a project, you have the right to appeal this decision to the City of Grover Beach City Council up to 5 working days after the date of action, in writing, to the City Clerk. Fees must accompany the appeal form. The appeal will

not be considered complete if a fee is required, but not paid. There must be an original form and original signature, a FAX is not accepted.

Planning Commission decisions may be appealed to the California Coastal Commission pursuant to Coastal Act Section 30603 and the City of Grover Beach Municipal Code, Article IX, Part 45, Section 9145 (Coastal Development Permit Procedures) and Part 48 Definitions, Section 9148.2. Exhaustion of appeals at the City of Grover Beach is required prior to appealing the matter to the California Coastal Commission. Parties interested in filing an appeal with the Coastal Commission should consult with the Community Development Director prior to the expiration of the five (5) day appeal period with the City. These regulations contain specific time limits to appeal, criteria, and procedures that must be followed to appeal this action. The regulations provide the California Coastal Commission 10 working days following the expiration of the City Council appeal period to appeal the decision. This means that no construction permits can be issued until both the City appeal period and the additional Coastal Commission appeal period have expired without an appeal being filed. Contact the California Coastal Commission's Santa Cruz office at (831) 427-4863 for further information on California Coastal Commission appeal procedures.
