

EMERGENCY PLANNING ZONES

Protective Action Zones (PAZ) 1-12, Public Education Zones (PEZ) 13-15
 Reception/Congregate Care Centers and Public School Evacuation Centers

If you hear a steady siren
 3 - 5 minutes, go indoors
 and tune to a local radio
 or television station for
 information. When at sea,
 tune to Marine Channel 16.

How Much Potassium Iodide (KI) to Take

One Tablet = 130 milligrams of KI

Adults 18 Years and Older	One Tablet
Pregnant or Nursing Women	One Tablet
Adolescents 12-18 Years Old	Half to One Tablet*
Children 3-13 Years Old	Half Tablet
Children 1 Mo. to 3 Years Old	Quarter Tablet
Infants, Birth to 1 Month	Eighth Tablet

* Adolescents approaching adult size (equal to or greater than 150 pounds) should receive the full adult dose.

Take KI ONLY after direction from state or local public health

If taken in an appropriate and timely dosage, KI can block exposure of the thyroid gland to radioactive iodine. KI does not protect other parts of the body from exposure to other contaminants that may be released during an emergency.

SIREN INFORMATION

The Early Warning System Sirens are tested annually. The 2009 annual siren test will be conducted on Saturday, August 22. Quarterly siren low-power, growl tests will be conducted on the following dates: January 13 and 14, April 7 and 8, July 28 and 29, and October 6 and 7.

Emergency Planning Zone Descriptions - My Zone Number is _____

PROTECTIVE ACTION ZONES (PAZ)		
Zone #	Zone Area Name	Zone Description
PAZ 1	2-Mile Radius from Plant	Identified residences, isolated hill areas within a two-mile radius from the plant.
PAZ 2	6-Mile Radius from Plant	Identified residences, plant access road, upper segments of See Canyon and Prefumo Canyon Road, Montaña de Oro State Park, isolated hill areas extending out to a six-mile radius from the plant.
PAZ 3	Avila/ San Luis Bay/ See Canyon/ Sunset Palisades/ Shell Beach/Squire Canyon	Avila Beach, Port San Luis, Pirate's Cove, San Luis Bay Estates, Avila Road, San Luis Bay Drive, See Canyon Road outside the six-mile limit, Squire and Gragg Canyons, Sunset Palisades/Shell Beach north of Spyglass Drive.
PAZ 4	Prefumo Canyon/ Los Osos Valley	Prefumo Canyon Road outside the six-mile limit, Los Osos Valley Road between Turri Road and Foothill Boulevard extending out to approximately 10 miles from the plant.
PAZ 5	Baywood/Los Osos	Baywood Park, Los Osos, Turri Road, Los Osos Valley Road west of Turri Road, Clark Valley extending to the north approximately 10 miles from the plant.
PAZ 6	City of Pismo Beach	City of Pismo Beach, Shell Beach south of Spyglass Drive (including adjacent beaches). This area is more than 10 miles from the plant.
PAZ 7	Indian Knob/Price Canyon	Price Canyon Road and isolated hill areas north of Pismo Beach. This area is more than 10 miles from the plant.
PAZ 8	San Luis Obispo Area	City of San Luis Obispo, Cal Poly, California Men's Colony, Camp San Luis Obispo, Cuesta College, O'Connor Way, Orcutt Road north of East Corral de Piedra Creek, Edna, Country Club, Crestmont Drive and Davenport Creek area. This area is more than 10 miles from the plant.
PAZ 9	Morro Bay/Cayucos	Highway 1 west of Cuesta College, Morro Bay, Cayucos, Whale Rock Reservoir area. This area is more than 10 miles from the plant.
PAZ 10	Five Cities (Southern Portion)	City of Arroyo Grande, City of Grover Beach, Oceano, Halcyon and Pismo State Beach. This area is more than 10 miles from the plant.
PAZ 11	Orcutt Road/ Lopez Drive/Route 227	Canyon area north of Five Cities (bounded by Price Canyon, Orcutt Road, Huasna Creek and northern limits of Arroyo Grande and Pismo Beach). This area is more than 10 miles from the plant.
PAZ 12	Nipomo North of Willow Road	Nipomo Mesa north of Willow Road, Cienega Valley, Oceano Dunes State Vehicle Recreational Area. This area is more than 10 miles from the plant.
PUBLIC EDUCATION ZONES (PEZ)		
PEZ 13	Nipomo	Nipomo Mesa south of Willow Road, Nipomo Valley, Santa Maria Valley north of Santa Maria and Cuyama Rivers.
PEZ 14	Cuesta Pass/ Santa Margarita	US 101 north of San Luis Obispo, Santa Margarita, isolated hill areas north and east of San Luis Obispo within 20 miles of the plant.
PEZ 15	Route 41/ Old Creek Road	Highway 1 north of Cayucos, Old Creek Road, Highway 41, isolated hill areas north and east of Cayucos and Morro Bay within 20 miles of the plant.

Public School Evacuation Centers

SCHOOL	PROTECTIVE ACTION ZONE	EVACUATION CENTER
Bellevue-Santa Fe Charter School Bellevue-Santa Fe Charter School	3	May be initially moved to C.L. Smith School in SLO, then to Paso Robles Event Center (MS Fairgrounds)
San Luis Coastal Unified School District Baywood Elementary, Monarch Grove Elementary, Los Osos Middle School	5	Paso Robles Event Center (Mid State Fairgrounds)
Bishop's Peak/Teach Elementary, Hawthorne Elementary, Los Ranchos Elementary, Pacheco Elementary, Sinsheimer Elementary, C.L. Smith Elementary, Laguna Middle School, Chris Jespersen, Pacific Beach High School, San Luis Obispo High School	8	Paso Robles Event Center (Mid State Fairgrounds)
Del Mar Elementary, Morro Bay High School	9	Paso Robles Event Center (Mid State Fairgrounds)
Lucia Mar Unified School District Shell Beach Elementary, Judkins Middle School	6	Nipomo High School in Nipomo
Grover Beach Elementary, Grover Heights Elementary, Harloe Elementary, Fairgrove Elementary, Oceano Elementary, Ocean View Elementary, Paulding Middle School, Arroyo Grande High School	10	Nipomo High School in Nipomo
Branch Elementary	11	Nipomo High School in Nipomo
Lopez High School, Mesa Middle School	12	Nipomo High School in Nipomo
Cayucos School District Cayucos Elementary School	9	Santa Lucia School in Cambria
County Office of Education - Community Schools San Luis Obispo Community School	8	Paso Robles Event Center (Mid State Fairgrounds)
Loma Vista Community School	9	Paso Robles Event Center (Mid State Fairgrounds)
Mesa View Community School	12	Nipomo High School in Nipomo
County Office of Education - Special Education/California State Preschool Students CA State Preschool at Sunnyside	5	Paso Robles Event Center (Mid State Fairgrounds)
CA State Preschool at Chris Jespersen, Vicente School, San Luis Obispo High School, CA State Preschool at Cuesta, Independent Skills Program at former Pacheco Elementary School site, Deal/HH Class at Cuesta	8	Paso Robles Event Center (Mid State Fairgrounds)
CA State Preschool at Del Mar Elementary	9	Paso Robles Event Center (Mid State Fairgrounds)
Oceano Elementary, Grover Heights Elementary, Arroyo Grande High School, CA State Preschool at Grover Beach Elementary, Oceano Edu. Center, Oceano Preschool, CA State Preschool/First 5 Classroom at Oceano Elementary	10	Nipomo High School in Nipomo
Mesa Middle School	12	Nipomo High School in Nipomo

SIREN INFORMATION

The Early Warning System Sirens are tested annually. The 2009 annual siren test will be conducted on Saturday, August 22. Quarterly siren low-power, growl tests will be conducted on the following dates: January 13 and 14, April 7 and 8, July 28 and 29, and October 6 and 7.

Evacuation Plan Checklists

If There is a Serious Emergency at Diablo Canyon Power Plant...

you would hear a steady siren for three to five minutes. This means you should tune to a local radio or television station. These stations will have official information about what you should do, including possible evacuation or shelter in place. Evacuation means that people in a certain area would be ordered to leave that area, and for information regarding sheltering in place, please refer to your AT&T phone book.

It is highly likely that only a small part of the county would need to evacuate. To know whether you or others in your family are affected you must know the Protective Action Zone numbers for your home, business or schools that your children attend. Protective Action Zones are within the Emergency Planning Zone shown on the map in the center of this booklet. Protective Action Zone numbers would be used in official Emergency Alert System (EAS) announcements heard on local radio and television stations.

By following the directions on this page, you can identify your Protective Action Zones and help prepare your family ahead of time in the event of a serious emergency. Please read complete instructions in the Customer Guide section of your new AT&T phone book.

Fill This In NOW!!!

Use this supplement and the information in your AT&T phone book.

- My Protective Action Zone is ____ (see map and chart in this booklet).
- My Child's Public School Evacuation Center location _____
- Collection point for transportation assistance (see phone book) _____
- Friend or relative OUTSIDE OF COUNTY we all could call if we were separated:
Name _____ Phone # _____
- Friend or neighbor who would need a ride during an evacuation _____
- Name, location and phone number of a friend or relative we will stay with OUTSIDE OF THE EVACUATED AREA until we can return home:
Name _____ Phone # _____
Location _____
- Reception and/or Congregate Care Center for your zone:
Location _____ (see phone book).
- Evacuation route we would use to leave the area - major roadways we would use:
To the North _____
To the South _____

What To Do If You Are Told To Evacuate:

- Make sure the zone you are in is one that must evacuate.
- Gather everyone at your home. Children in public schools will be moved under adult supervision to Public School Evacuation Centers for School Children (see inside back cover of this booklet). You can meet them there.

Before Leaving:

- Close windows, lock doors, turn off air conditioning and heating.
- Shut off systems that bring in outside air. These include vents, furnaces, fireplaces, air conditioners and clothes dryers.
- Turn off appliances (except refrigerators and freezers).
- Try to shelter your farm animals. Leave them food and water for several days.
- Try to ride with friends or neighbors, or offer transportation to others who may need it.
- Drive with your car windows and outside vents closed.
- If you need transportation, walk to the collection point nearest you (see phone book).
- Do not try to contact or pick up your children at public schools unless you are directed to do so. Listen to local radio or television stations for information about where children have been moved. Children in public schools may be moved before general public protective action is required and before sirens are sounded. If this happens, news reports will provide information on where to pick up your children. (If your children attend a private school, you should learn of its emergency procedure.)
- Do not turn off gas service to your house unless the EAS announcements tell you to do so.
- Do not drive a car that is in poor running condition or that is nearly out of gas.
- Do not take pets to Reception/Congregate Care Centers.
- Do not use the telephone except to report a life-threatening medical, fire or police emergency or to request assistance.

What to Take:

- Money/credit cards.
- Warm/cool clothes for at least three days.
- Medicines, glasses, prescriptions, first aid supplies.
- Potassium Iodide (KI) if appropriate.
- Important papers (insurance, identification, bank books).
- Extra set of car and home keys.
- Battery radio, flashlight and extra batteries for each.
- Pets and pet needs (NOTE: Pets are not currently allowed at Reception Centers/Congregate Care Centers).
- Blankets or a sleeping bag for each person.
- Drinking water.
- Special foods.
- Special items for infants, elderly or disabled family members.
- Personal needs (washing, shaving, eye and dental care, sanitary, family photo albums).
- This emergency information.
- Other (list items as needed).
