

City of Grover Beach Street Pothole Program

In an effort to better address citizen concerns regarding street maintenance, the Public Works Department recently established a Street Pothole Program designating the second week of each month for pothole repair. The City has been divided into four sections. Each section will be inspected and repaired, as needed, within the month indicated on the legend below. If you would like to report a pothole in your neighborhood, please feel free to contact our office via the phone number or email address listed below or you may use the [Request for City Services](#) form available on the City's website.

LEGEND
