

ARGUMENT IN FAVOR OF MEASURE L-18

Your Mayor and a majority of the City Council asks you to vote YES on Measure L-18, which will increase the City's hotel tax paid by tourists and visitors. This measure will generate revenue that would stay in Grover Beach and support a range of municipal services to benefit our community such as maintaining fire, emergency medical, and police services, fixing streets and sidewalks, and maintaining parks and city facilities.

Grover Beach has a track record of careful financial management and is addressing key community needs while maintaining prudent reserves. The City is repairing streets with voter-approved bond funding, replacing aging water and sewer infrastructure with grant funds and revenue from utility rates, and expanding our train station through federal, state, and regional funding. However, we also face growing service needs including ensuring responsive public safety services that are critical to health and safety of our residents and businesses and improving maintenance of parks and facilities that support our community. Measure L-18 would provide ongoing funding for core services that would help improve the quality of life in our city.

Measure L-18 will generate additional revenue paid by tourists and visitors rather than local residents through increasing the hotel tax rate from 10% to 12% which has not been increased since it was established. Tourists and visitors are important to our community and Measure L-18 ensures that they pay a fair share for city services. Measure L-18 is a modest increase that retains the city's competitiveness by keeping total hotel taxes comparable with nearby cities.

Measure L-18 will provide additional funding to support the quality of life for our residents and help make our city even better. We urge you to vote YES on Measure L-18 this November.

John P. Shoals, Mayor

Jeff Lee, Mayor Pro Tem

Mariam Shah, Council Member

Barbara Nicolls, Council Member

City of Grover Beach
