SPECIFICATIONS:

The following are the suggested minimum specifications for one (1) Forklift. All bids must be similar in performance and quality to the following specifications, which are not intended to exclude any manufacturer standard deviation. Any reference to manufacturer's make or series of equipment stated in the following specifications is intended only to establish an acceptable standard and is not intended to limit the bidding. ***Bidders shall indicate if their equipment meets each specification by acknowledging "Y" or "N". For all "N" responses, bidder must include a copy of their own specification, including a brief description as to why the City should consider the specification to be equal.***
