### WATER CONSERVATION RETROFIT REBATE PROGRAM TERMS & CONDITIONS

This program is subject to change without notice and is contingent on the availability of funding.

- In order to be eligible to participate in the program, the home or commercial property must receive their water from the City of Grover Beach and the utility account must be in good standing.
- The structure must have been built prior to July 1, 2011.
- Properties are eligible for a REBATE of all toilet fixtures, showerheads, and aerators within the structure that do not already have a High Efficiency Toilet (HET) of 1.3 gallons per flush or less or a low flow showerhead of 1.5 gallon per minute or less.
- Properties that already have High Efficiency Toilets installed are NOT eligible for toilet fixture rebate, but may still apply for shower head and faucet rebate.
- Residential Property owners/agents will be reimbursed up to \$100 for the purchase of each HET fixture of 1.3 gallons per flush or less and up to \$100 for the installation of each fixture by a licensed plumber. Showerheads are reimbursed up to \$25 each with no reimbursement for install. Commercial property owners/agents will be reimbursed up to \$100 for the purchase of each waterless urinal, or where infeasible to install a waterless urinal, a High Efficiency standard urinal and up to \$100 for the installation of each fixture by a licensed plumber. Any additional charges above the allotted amount would be the responsibility of the property owner.
  - **Please note:** Plumber must possess a valid City Business Tax Certificate as well as a State Contractor's License.
- A Water Conservation Retrofit Rebate Program Application, signed Terms & Conditions, Installation Verification Form, receipts for the fixture / installation and before & after installation pictures must be submitted to the City of Grover Beach by the Property Owner and/or agent on record.
- Applications for a Water Conservation Retrofit Rebate will be awarded based on available funds in the following order of priority:
  1. Retrofits of single or multi-family (duplex/triplex) toilets of 3.5 gallons per flush or more.
  2. Retrofits of commercial urinals.
  3. Retrofits of apartment building toilets of 3.5 gallons per flush or more.
  4. All other retrofits meeting program guidelines.

**PROPERTY OWNER/AUTHORIZED AGENT** *I certify under penalty of perjury that I am the owner/agent of the property that is the subject of this application and that I have read and agree to the Program Terms & Conditions.*
