Grover Beach Holds First-Ever City Priorities Community Forum

GROVER BEACH, CA – The City of Grover Beach is holding its first-ever City Priorities Community Forum to get input from community members on key priorities for the City over the next 2-3 years. The forum will be held on Monday, February 11, 2019 from 6:30-8:30 p.m. at the Ramona Garden Park Center located at 993 Ramona Avenue. The event will include brief comments from Mayor Jeff Lee and City Manager Matthew Bronson and involve facilitated small-group discussions on the most important priorities for the City of Grover Beach to accomplish. Participants will have an opportunity to select which priorities are the most important to them which will be shared with the City Council as it determines a set of Council Goals at a goal-setting workshop on Friday, February 22.

“This community forum builds on the Council’s commitment in determining the highest priorities for the City to accomplish and staff’s work in implementing these priorities,” said Mayor Jeff Lee. “Getting community input is important to our goal-setting process and we look forward to receiving this input and using it to help develop our Council Goals.”

The results of the forum will be posted on the City’s website and shared with the City Council prior to the Council goal-setting workshop on February 22. For community members who are not able to attend the forum or would rather provide input electronically, an online survey is available on the City’s website at www.groverbeach.org and results of the survey will also be shared with the Council prior to the February 22nd workshop. Once the Council determines its set of Council Goals, staff will develop and share work programs to implement the goals in April before presenting a proposed budget for the upcoming fiscal year 2019-20 in May that incorporates these goals.
